

Michael Simione
CONSULTANT

Michael is a Consultant at Simione Healthcare Consultants with prior experience in Marketing and Sales, Research, and Statistical Analysis.

Michael interned for Simione Healthcare Consultants for almost a year before joining the staff full time. Michael graduated from Bucknell University with BS in Chemistry, and also earned his MBA from Quinnipiac University where he earned the Faculty Award for Academic Excellence in the MBA Program.

Currently, Michael works in a cross functional role at Simione Healthcare Consultants. He is support staff on the development and implementation of the benchmarking system, The Financial Monitor. Michael has been able to learn quickly how important benchmarking is to the industry and what factors will affect them.

Michael also has experience working with Home Health and Hospice agencies in regulatory compliance and plans to work toward certification in Healthcare Compliance. Michael has experience reviewing Medicare and Medicaid interim and year-end cost reports for home health and hospice agencies in addition to performing competitor analyses and financial feasibility studies for home health, hospice, and private duty agencies.
