

Tyler Anderson
Consultant

Tyler joined the Simione team in 2019 to support home health and hospice clients as a member of the Cost Reporting and Finance teams. In addition to his skills in combining technical knowledge and business planning, he has a background in accounting, data analysis, project management and marketing. His experience in post-acute care includes an internship with MatrixCare, where he supported market analysis, marketing campaigns, and corporate logistics. He also previously served as a researcher/interviewer with Quinnipiac Polls.

Tyler earned a Master of Business Administration and a B.S. in management from Quinnipiac University, Hamden, CT.
