

Karen Bommelje
BSN, RN, HCS-D, CHC, COS-C
Senior Manager

Karen Bommelje, BSN, RN, HCS-D, CHC, COS-C, Senior Manager, has more than 25 years of diverse experience in home health, hospice, home medical equipment, pharmacy, infusion, and pediatrics.

Karen was the VP of Regulatory Compliance for the franchisor of a national home care company in Alpharetta, GA.

Karen's background includes a long history of executive level regulatory, compliance, and performance improvement positions held in multi-state home health & hospice organizations, including the Director of Survey, Accreditation and Regulatory Affairs at PSA Healthcare. Karen has successfully led multiple agencies through the accreditation process with both the Joint Commission and The Community Health Accreditation Program, and is a former direct care provider.

Additionally, Karen held a key position as a Clinical Research Expert for the OASIS data integrity project conducted for CMS by the University of Colorado. Karen is a registered nurse with a BSN from Alfred University and is certified in home health coding (HCS-D), healthcare compliance (CHC), and as an OASIS clinical specialist (COS-C).
