

Michael is a Manager with Simione Healthcare Consultants and has been an employee since 2011. Michael has wide-ranging experience in budgeting, strategic planning, cost reporting, financial, clinical and marketing analytics and benchmarking.

Michael earned a Bachelor of Science (B.S.) in Chemistry from Bucknell University, graduating magna cum laude and a Master of Business Administration (M.B.A.) from Quinnipiac University, where he received the Faculty Award for Academic Excellence as the top graduate in his class.

Michael's extensive work with Simione Healthcare Consultants includes the development of comprehensive financial, clinical, staffing and marketing analysis tools to improve efficiencies and financial performance for various home health, hospice and private duty companies. In addition, Michael has in-depth experience providing services for interim management, cost reporting, budgeting, accounting, financial feasibility studies, competitor analysis, strategic planning and regulatory compliance to both freestanding and hospital-affiliated home health, hospice and private duty organizations.

Michael is one of Simione Healthcare Consultants experts on Value-Based Purchasing, providing in-depth evaluations and trending of quality initiatives, as well as detailed projections on the potential financial impact to home health organizations.

As an active participant in his profession and community, Michael is a member of the National Association for Home Care & Hospice, the Home Care and Hospice Financial Managers Association, the Young Home Care and Hospice Financial Managers Association and the Arizona Association for Home Care.
