

Kimberly Chapman
Senior Manager,
Financial Consulting

Kim joined the Simione team in 2020 to support the financial goals of home care and hospice clients with her strong background in claims and billing management in provider organizations, and experience as a consultant and interim manager for revenue cycle management.

She previously served more than 15 years in home and community-based care organizations across billing, EMR/technology analysis, claims analytics and quality/process improvement disciplines. Between 2005-2020, she served as director of revenue cycle management at Gulfside Healthcare Services, and held progressive roles in billing coordination, RCM, and patient accounts at Chapters Health System, both in Florida. She also has experience as a revenue cycle systems analyst with Bon Secours in Virginia.

Kim is a graduate of Saint Leo University, St. Leo, Florida, with a B.S. in healthcare management.
