

Lucy LaDart
DIRECTOR

EXACT RECRUITING, A SIMIONE TALENT SOLUTION

Lucy joined the Simione Healthcare Consultants in 2017 as a member of the Exact Recruiting team, a Simione Talent Solution.

With nearly 25 years of extensive experience in executive search and recruitment, she previously worked at Memphis-based Healthcare Concepts, developing broad-based expertise as a researcher, recruiter and leader in talent management for home care and hospice. Her career has traditionally been in the placement of mid- to top-level executives (for companies both large and small) in Home Care, Hospice and Palliative Care.

Lucy is passionate about what she does – helping companies find proven executives who excel in their areas of experience, while simultaneously helping candidates find their ideal position. It is a fine balance; and she enjoys developing strong relationships. Lucy has been a longtime exhibitor at national association conferences over the years as a premier provider of talent management across the post-acute care spectrum.
