

Kristin Higgins
Consultant

Kristin joined the Simione team as a Consultant in 2020 to focus her extensive experience with the finance team in revenue cycle operations. Kristen supports clients with billing and collections solutions, drawing on her 8+ years of experience in medical administrative environments, and 6+ years in other business administrative and sales roles.

She previously served as a revenue cycle specialist with Gulfside Healthcare Services, Land O' Lakes, FL, where she managed multiple aspects of the operation, including, cash posting, insurance verification and billing across the home health, hospice and palliative care lines of business. She has a strong background in overseeing billing and collections, insurance verification, EHR and billing system activities, as well as managing accounts and troubleshooting reimbursement issues.

Between 2006-2018, Kristin served in medical administrative roles with Cardiovascular Institute of America (medical office administrator), Family Medical Doctors (insurance/referral coordinator), and a physician practice (medical administrative assistant). She graduated from Rasmussen College (FL) with an associate's degree in health information management.
